

Dear Dr. Olson,

I was delighted to receive your letter of May 29, 2008. I am very honored to have been selected to the Charter Class of the Saint Peter High School/Independent School District No. 508 Hall of Fame! Please accept my deepest appreciation to you and the selection committee for this meaningful recognition which I highly value.

Please know that achieving Charter Class membership is one of the significant awards that I have ever received for my business, social, or charitable work. My wife, Cathy, and I hold our home communities in the highest regard and are indebted to all area citizens for their caring and sharing culture which they so kindly shared in our development years.
