

## **Pennies with a Purpose**

We'd like to continue fund raising for the St. Peter Area Food Shelf. There are many families in our area that are having tough times. Sharing what we have, brings out the best in everyone & almost everyone has pennies in the junk drawers, under the couch, in the car, and we walk right by them on the street.

Alone one penny is not worth much so we discard them without realizing their true potential. When people pool their pennies together, they begin to add up!

Please gather your pennies and drop them in the containers in the showcase by the office.

Questions? Talk to Lois or Lisa in the office
